(don't know git?! you will soon)

CSUS

What We Do

1. Improve computer science academics

2. Schedule tutorials for lower level classes

3. Plan events

   Mini hackathons and programming workshops

   Barbecues and parties

   The "Awkward" events

CSUS

New Stuff We Hope to Do

- Hardware workshop!! Learn the basics of Arduino and some other hardware

- Any cool stuff you dudes imagine

CSUS

Research

- McGill is a massive research hub

- Learn how to take advantage of it

- Talk to Victor Chisholm, Nathan Friedman, or Calem Bendell about research opportunities in computer science

- Think about it early!!

CSUS

HackMcGill

- McGill's official "hacking" group

- Organises most of the coding jams and helps get you to hackathons

- https://www.facebook.com/groups/hackmcgill/

Why Computer Science?
Here's stuff *undergraduates* have done

- Crunch biophysical or biochemical or economic or anthropo-logical or social data and publish research papers

- Make new website to send directions to places over text

- Work towards a better home automation system

- Make a device to track back movement

- Automatically trade on foreign exchange markets

C-SUS
